Ledelsens ansvar for årsrapporten**The Supervisory and Executive Boards' Responsibility for the Annual Report**

Dette ansvar omfatter udformning, implementering og opretholdelse af interne kontroller, der er relevante for at udarbejde og aflægge en årsrapport, der giver et retvisende billede uden væsentlig fejl-information, uanset om fejlinformationen skyldes besvigelser eller fejl, samt valg og anvendelse af en hensigtsmæssig regnskabspraksis og udøvelse af regnskabsmæssige skøn, som er rimelige efter omstændighederne.

The Supervisory and Executive Boards are responsible for the preparation and fair presentation of this Annual Report in accordance with the Danish Financial Statements Act. This responsibility includes: designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of an Annual Report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Revisors ansvar og den udførte revision**Auditor's Responsibility and Basis of Opinion**

Vores ansvar er at udtrykke en konklusion om årsrapporten på grundlag af vores revision. Vi har udført vores revision i overensstemmelse med danske revisionsstandards. Disse standarder kræver, at vi lever op til etiske krav samt planlægger og udfører revisionen med henblik på at opnå høj grad af sikkerhed for, at årsrapporten ikke indeholder væsentlig fejlinformation.

En revision omfatter handlinger for at opnå revisionsbevis for de beløb og oplysninger, der er anført i årsrapporten. De valgte handlinger afhænger af revisors vurdering, herunder vurderingen af risikoen for væsentlig fejlinformation i årsrapporten, uanset om fejlinformationen skyldes besvigelser eller fejl. Ved risikovurderingen overvejer revisor interne kontroller, der er relevante for virksomhedens udarbejdelse og aflæggelse af en årsrapport, der giver et retvisende billede, med henblik på at udforme revisionshandling, der er passende efter omstændighederne, men ikke med det formål at udtrykke en konklusion om effektiviteten af virksomhedens interne kontrol. En revision omfatter endvidere stillingtagen til, om den af ledelsen anvendte regnskabspraksis er passende, om de af ledelsen udøvede regnskabsmæssige skøn er rimelige samt en vurdering af den samlede præsentation af årsrapporten.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Annual Report. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the Annual Report, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the entity's preparation and fair presentation of the Annual Report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Supervisory and Executive Boards, as well as evaluating the overall presentation of the Annual Report.

Præsentation af virksomheden

Business activities and mission

Selskabets hovedaktivitet er ved køb eller leje at erhverve fast ejendom, ombygge og indrette sådan ejendom til brug for McDonald's restaurant under en master franchiseaftale indgået med McDonald's Corporation, som ejer af McDonald's varemærket.

Udviklingen i økonomiske aktiviteter og forhold

Business review

Systemomsætningen steg i 2008 med 2% i forhold til 2007 (2007: 7,6%). Stigningstakten var lavere end de foregående år, hvilket hovedsageligt er begrundet i den generelle udvikling i økonomien, primært hen imod slutningen af året.

In 2008, turnover increased by 2% compared with 2007 (2007: 7.6%). This increase was lower than in previous years, which is primarily due to the general state of the economy, particularly towards the end of the year.

I 2007 igangsatte selskabets ledelse i samarbejde med franchisetagerne betydelige investeringer i en generel modernisering af restauranterne i Danmark. Processen fortsatte i 2008, og ved udgangen af 2008 var mere end ca. 50% af restauranterne moderniseret inden for de seneste 3 år. Arbejdet vil fortsætte ind i 2009.

In 2007, in cooperation with the franchisees, management invested significantly in a general modernisation of restaurants in Denmark. This process continued in 2008 and, by the end of 2008, more than 50% of the restaurants had undergone modernisation within the previous 3 years. This work will continue in 2009.

Den 25. oktober 2008 åbnede selskabet sin første nybyggede restaurant siden 2002. Dette skete da restauranten i Hillerød slog dørene op i en nyindrettet bygning på Herredsvejen 16. Restauranten drives som selskabsdrevet restaurant.

On 25 October 2008, the company opened its first newly built restaurant since 2002. This was when the restaurant in Hillerød opened in a newly fitted out building at Herredsvejen 16. The restaurant will be run as a company-operated undertaking.

*= systemomsætning er et udtryk for den samlede omsætning i McDonald's restauranterne i Danmark. Begrebet dækker dels omsætning i de selskabsdrevne restauranter, som er omfattet af Årsrapporten, dels omsætningen i franchiserestauranter, hvor Selskabet modtager husleje- og forpagtningsindtægter, der indgår som en del af resultatet i Årsrapporten.

*= system wides sales reflect the accumulated turnover in all McDonald's restaurants in Denmark. The figure partly encompasses turnover in the restaurants run by the Company, which is included in this Annual Report, and partly the turnover in the franchise restaurants from which the Company receives rent which is included as part of the result in the Annual Report.

Regnskabsberetning

Operating and financial review

Selskabets omsætning faldt i 2008 med ca. 2% i forhold til 2007. Faldet skyldtes primært lukningen i december 2007 af den selskabsdrevne restaurant på Østergade 60 i København der dog i nogen udstrækning blev udlignet ved stigning i salg for de resterende selskabsdrevne restauranter samt årets nyåbning i Hillerød.

In 2008, the company's turnover decreased by 2% compared with 2007. This decrease is primarily due to the closure of the company-operated restaurant at Østergade 60 in Copenhagen in December 2007. However, this was offset to some extent by an increase in sales at the remaining company-operated restaurants and the opening of the new restaurant in Hillerød that year.

LEDELSESBERETNING - FORTSAT
MANAGEMENT'S REPORT - CONTINUED

I forhold til 2007 steg resultatet af den primære drift med ca. 14% fra TDKK 93.073 til TDKK 106.402. Stigningen er en kombination af en forbedret lønsomhed i de selskabsdrevne restauranter, stigende salg og den deraf afledte stigning i indtægterne fra franchisedrevne restauranter samt fortsat optimering af administrative funktioner. Herudover var resultatet i 2007 negativt påvirket af engangsomkostninger i forbindelse med lukning af restauranten på Østergade 60 i København.

Compared with 2007, operating profits increased by approximately 14% from TDKK 93,073 to TDKK 106,402. This increase is due to a combination of improved profitability in the company-operated restaurants, increased sales and the resultant increase in income from franchise-operated restaurants as well as continued optimisation of administrative functions. Moreover, the result in 2007 was negatively impacted by one-off expenses relating to the closure of the restaurant at Østergade 60 in Copenhagen.

Årets resultat steg med TDKK 52.146 til i alt TDKK 76.447 (2007 24.301). Stigningen er en konsekvens af det forbedrede driftsresultat og fortsat faldende finansieringsomkostninger. Herudover var årets resultat i 2007 påvirket negativt af en engangsregulering til grundlag for udskudt skat vedrørende tidligere år på TDKK 38.810.

Profits for the year increased by TDKK 52,146 to a total of TDKK 76,447 (2007: 24,301). This increase is a consequence of the improved operating result and a continuing decrease in financing costs. In addition, profits for the year in 2007 were negatively impacted by a one-off adjustment of the basis for deferred tax relating to previous years of TDKK 38,810.

Selskabets ledelse anser årets resultat for værende tilfredsstillende.

The Company management regards the year's result as satisfactory.

Transaktioner med nærtstående parter**Related party transactions**

Selskabet har i årets løb gennemført handler med moderselskabet og enkelte koncernforbundne selskaber på almindelige markedsmæssige vilkår, men i øvrigt ikke foretaget handler med bestyrelse, direktion, aktionærer eller selskaber, som de pågældende kontrollerer.

During 2008, the Company has carried out transactions with the parent company and individual Company-related enterprises on general market terms. Besides that, no transactions have been conducted with the Board of Directors, Management, shareholders or any company they control.

Den forventede økonomiske udvikling**Outlook**

For 2009 forventes et resultat på niveau med 2008 som dog i nogen grad vil være afhængig af den generelle samfundsøkonomiske udvikling.

For 2009, the result is expected to be on a par with 2008. However, to some extent this will depend on general developments in the economy.

Begivenheder efter regnskabsårets udløb**Post balance sheet events**

Det er ledelsens opfattelse, at årsrapporten indeholder alle væsentlige oplysninger til bedømmelse af selskabet - også under hensyntagen til tiden efter regnskabsårets udgang.

It is the management's opinion that the Annual Report includes all significant information for evaluating the Company's performance - including the period subsequent to the year-end.
