

# Paddington Pairs

1. Ask an adult to cut out all 16 cards below.
2. Place the cards face down on a flat surface and spread them out so they are not on top of each other.
3. Player 1 flips two cards to try and find a matching pair. If the cards match, Player 1 keeps the cards and gets to go again. If they do not match, the cards are flipped back over and it is Player 2's turn.
4. Continue until all the pairs are discovered. Whoever has the most pairs at the end wins!
