HELLO!

My name is Maria! I live in the Overworld, which is a land in the world of Minecraft. It's full of amazing places to explore.

There are always new places to visit,
and many different creatures to meet,
along with my friends Alex and Steve.

ADVENTURE TIME

Every time I journey out into the Overworld I see things that inspire me. Let's plan our own adventure together!

FRIENDLY FACES

One of my favourite things to do is find animals. Hopefully, we'll see lots!

EXPLORE EVERYWHERE

There are many different environments. From sandy deserts and grassy plains, to lush jungles and snowy mountains. I wonder what we will find?

BUILDING BLOCKS

My friend Alex and I love collecting different blocks on our adventures. They're all so useful.

If we're lucky, our journey will lead us to some exciting buildings that have been created using all the different blocks.

LET'S GO!

I think we have the makings of a great adventure ahead of us! Are you ready?

A SHIPWRECK!

The friendly dolphin we saw is swimming away.
If we follow, it might lead us to something interesting.
Look, it seems to have found something!

The dolphin has led us to an underwater shipwreck.
Let's explore it with my friends, Steve and Alex!

We've found a chest! Inside are some emeralds that we can trade at a village for useful things. Let's swim back to shore!

ALLAY STATUE

After all that swimming, let's head back to land. I can see a strange building in the distance – let's go and see what it is!

Someone has built a large statue of an allay. An allay is a bright blue flying creature that loves to help you.

If you give an allay something you want more of it will fly off to find more of them to bring back to you. How helpful!

MOUNTAIN RESORT

Let's continue our journey by climbing some mountains. My friend Alex told me there was something interesting to discover in the hills.

Wow, it's a mountain resort! There's an icy path that leads down the mountain. Let's use it to race to the bottom in our boats. Let's go!

The blocks you find in the Overworld have many different uses. Here, the icy blocks speed you up! Watch out for obstacles that will slow you down!

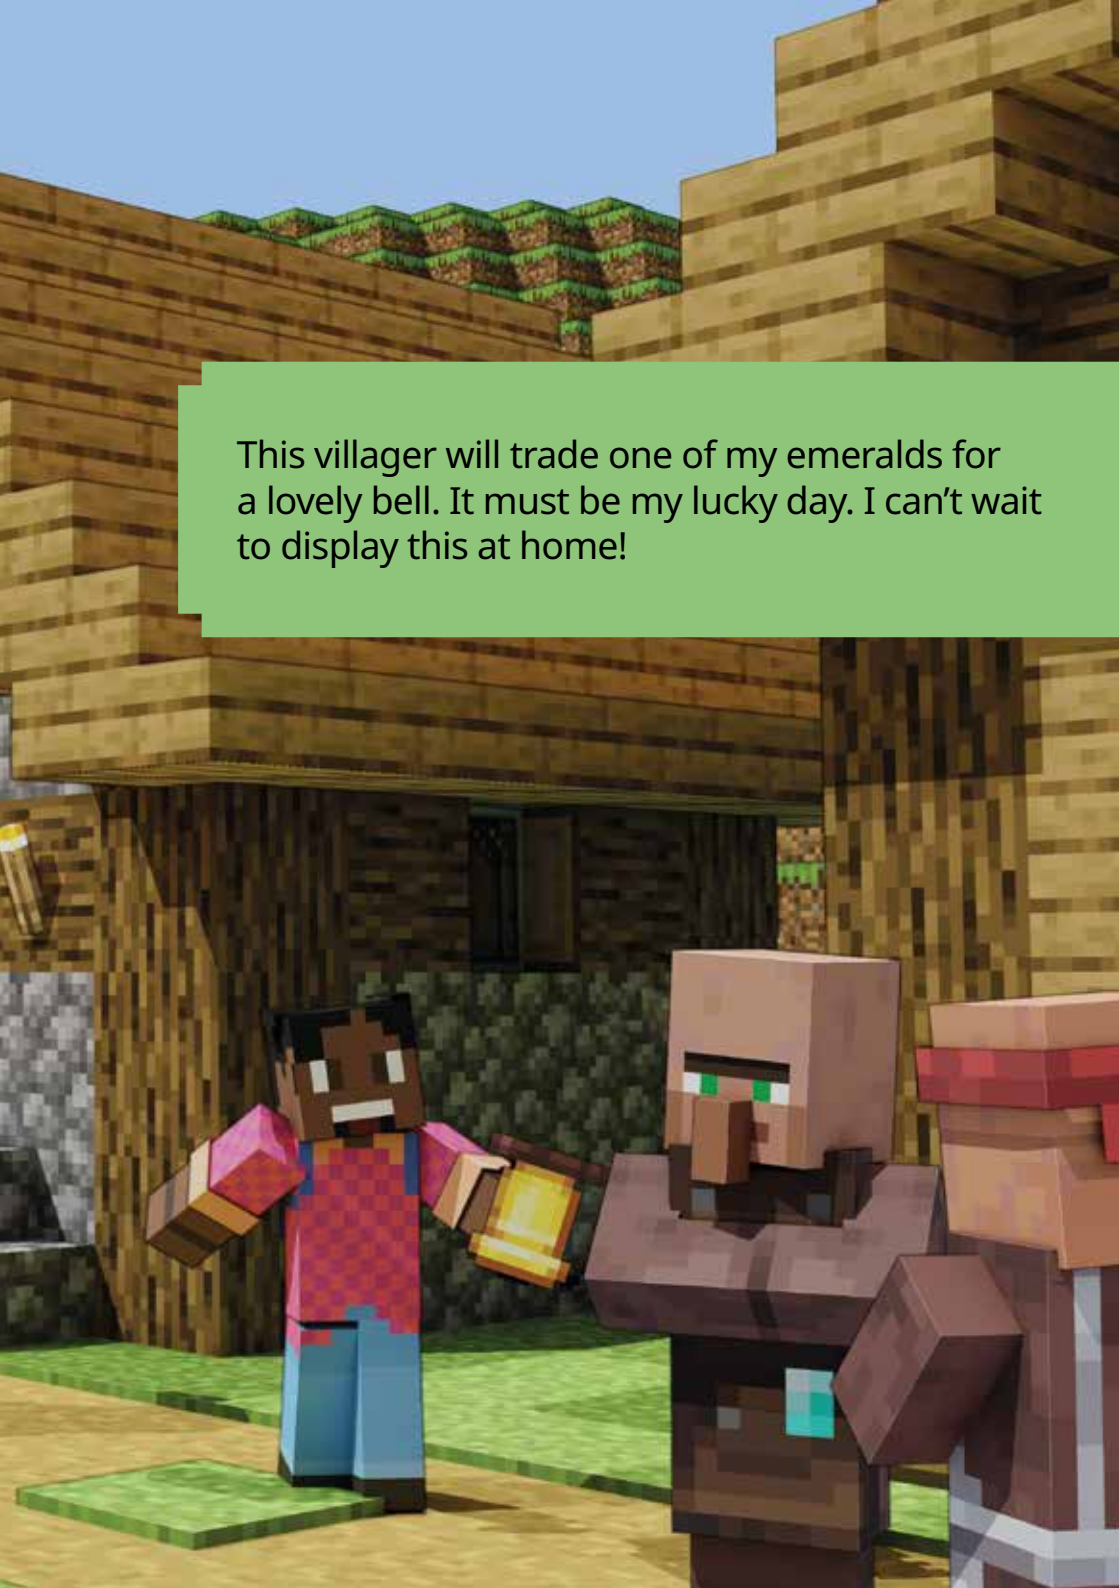

EXPLORE A VILLAGE

All this fun has made me tired, so let's find somewhere to rest. This village looks like the perfect place.

Villagers live here. They each have a different job. That reminds me, we can trade our emeralds here.

This villager will trade one of my emeralds for a lovely bell. It must be my lucky day. I can't wait to display this at home!

SPOT THE DIFFERENCE

Before we travel back down the mountain, let's take one last look at the village and its friendly creatures.

PICTURE 1

There are five differences between picture 1 and picture 2. Can you spot them all?

PICTURE 2

BEE BASE

Can you hear that buzzing sound?
It looks like it's coming from that
amazing house up ahead!

Look, what a spectacular structure! Steve built this house to give his bees a safe place for their hive.

Bees buzz around the Overworld, pollinating flowers and helping them grow. They also produce delicious honey!

BEE GAMES

Look at all these friendly faces.
Can you count how many bees only
have one wing?

BACK AT HOME

I've really enjoyed going on an adventure with you. We've seen so many things, from friendly dolphins in the ocean to busy bees buzzing around trees.

I hope you've had as much fun as I have. I'm feeling inspired to plan some builds and create lots of new drawings.

Soon it will be time to begin planning
a whole new adventure in the Overworld.
We hope you can join us!
