

The Story Starter

Become the best storyteller in the land. Follow the instructions below to get started.

- 1 One player should place their index fingers and thumbs into the story starter to begin.
- 2 The other player should pick a colour. Spell out the letters to reveal four numbers to pick from. The number picked will begin the story.
- 3 That same number is then counted out to reveal 4 numbers. Once a number is picked, lift up to read the second line of the story.
- 4 Using both lines, players can take turns to make up how the story ends.
